Feb 2021 - Aug 2022

- Led and managed the team
- Created and contributed in every poster made in Figma/Canva

PROJECTS

EDA - Spotify

- Tool used : Jupyter notebook
- Data Analysis
- <https://github.com/SanginiSangle22/Spotify-EDA>

Movie Recommender System

- S/W used : Jupyter notebook
- Content Based Filtering
- <https://github.com/SanginiSangle22/Movie-Recommender-System>

REST API Development using Spring Boot

- CRUD Operations REST API Development with Spring Boot
- Developed a robust RESTful API using Spring Boot to perform CRUD (Create, Read, Update, Delete) operations on data. Implemented end-to-end functionality, including request validation and verification, while validating the API behavior using Postman.
- <https://github.com/SanginiSangle22/REST-API-Development-using-Spring-Boot>

Dashboard Design for Micro influencers

- Tool used : Figma
- Prototyping
